Site Plan Submittal Checklist

The following is a list of the documents required at the time of submittal. The lack of an applicable requirement will cause the application to be considered incomplete.

Important to Note:

- Site plans and building plans are a separate process and shall not be submitted as one plan set
- Plans must be signed/sealed by a licensed professional (Engineer, Architect, Landscape Architect, Surveyor)
- Plan sets must be submitted as a single PDF file

The site plan must contain the following and be in this order:

- Coversheet with index
- Square footage of the building
- Final plat (recorded)
- General notes/Fire Department notes
- Existing conditions sheet
- Demolition and tree preservation plan
- Dimensional site plan
- Erosion and sedimentation control plan
- Site grading plan and drainage plan
- Water/wastewater utility plan
- Fire hydrant flow test or water model
- Dry utility plan
- Construction details
- Architectural plan
- Elevations
- Photometric/lighting plan
- Landscape plan
